TOILET PROVISION POLICY

We operate all of our classes from our multi-use facility and we must ensure we have the necessary procedures in place to minimise any risk or potential risks for all members while using the communal toilets.

Main Gym Toilet – Main Gym Users

Reception Toilets – Parents and their supervised children

Upstairs Toilets – RR Gym Users and Staff and those using the baby change facilities

Every effort must be made to ensure that your child arrives at the venue already changed and having been to the toilet, this will minimise the chance that your child will need to use the toilet at the venue once the class is in session.

It is imperative that parents/carers of any child who cannot go to the toilet independently and unsupervised, remain on the premises (either inside or outside) for the duration of the session.

In the event of your child needing the toilet during their session, this is the procedure the coaches will follow;

MAIN GYM

Pre-School / Level 1

A coach will direct the child to the gym toilet in the first instance. If this toilet has a queue and the parent/carer is available, the coach will accompany the child to the gym door where the parent/carer will be called to take their child to the reception toilets accessed via the reception hallway and bring them back to class ensuring that the coach is aware that they have returned.

If a parent is unavailable, the child will have to wait in line. In extreme circumstances, the child will be escorted to the downstairs reception toilets through the internal door by a coach who will first check that no adult is using this toilet. The coach will remain outside the facility and in full view of other adults at all times.
